To the Board of Directors  
Angel Flight of New England, Inc.  
North Andover, MA 01845

## INDEPENDENT AUDITOR'S REPORT

I have audited the accompanying financial statements of Angel Flight of New England, Inc. (a non-profit organization), which comprise the statement of financial position as of December 31, 2020 and 2019, and the related statements of activities, and cash flows for the years then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance, of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### **Opinion**

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Angel Flight of New England, Inc. as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

**Report on Supplementary Information**

My audit was conducted for the purpose of forming an opinion on these financial statements as a whole. The schedule of functional expenses on pages 4 and 5 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

See accompanying notes and independent auditor's report.

ANGEL FLIGHT OF NEW ENGLAND, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

**NOTE A - ORGANIZATION AND PURPOSE:**

Angel Flight of New England, Inc. (the Organization) was established as a non-profit organization in March, 1996. The organization coordinates the provision of non-emergency air transportation to individuals needing medical care. An extensive network of approximately 400 volunteer pilots, and a support staff of (8), provide this service with their own aircraft to and from destinations primarily throughout the New England area. The Organization occupies an office as a tenant at will at the Lawrence Municipal Airport in North Andover, MA.

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

Basis of Accounting – The financial statements have been prepared on the accrual basis of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Net Assets – The Organization reports its net assets in the statements of financial position and activities in two classes as follows:

Without Donor Restrictions – Net assets that are not subject to donor-imposed stipulations. The Board of Directors has discretionary control over these net assets to support the operations of the Organization.

With Donor Restrictions– Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Organization or the passage of time.

Property and Equipment - Property and equipment are stated at lower of cost or fair market value if received as a donation. Expenditures for maintenance and repairs are charged against operations. The Organization has received significant amounts of computer equipment donated by manufacturers for use in coordinating the provision of air transportation. These items have been recognized as revenue in the period received at conservative valuations based upon market value.

Depreciation is computed using the 200% declining balance method over the estimated useful lives of 5-10 years. This is a departure from generally accepted accounting principles which require the straight line method. The net book value of property and equipment are immaterial; no adjustment is warranted.

Income Taxes - The Organization has been determined to be an organization exempt from federal and state income tax under Section 501(c)(3) of the Internal Revenue Code.

Cash and Cash Equivalents – Cash is the sum of all checking, savings and money market accounts maintained by the Organization.

See Accountants' Report

ANGEL FLIGHT OF NEW ENGLAND, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

Grant Revenue – The Organization recognizes grant revenue and expenses as these amounts are received and incurred.

Contributions – The Organization receives cash contributions from various sources. Donations are recognized as support when received. Unless specifically restricted by the donor, all contributions are considered to be available for unrestricted use.

Vacation Pay – The Organization does not accrue vacation pay as earned. The amount is not considered material.

Functional Allocation of Expenses – The costs of providing the program and other activities have been summarized on a functional basis in the statements of activities and functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

**NOTE C - DONATED SERVICE:**

The Organization recognizes the value of donated services in the accompanying statement of activities. The Board of Directors and management have calculated the following market values of services provided to the organization for the years ended December 31, 2020 and 2019.

	<u>2020</u>	<u>2019</u>
Air transport services	\$2,107,556	\$2,199,215
Legal and organization costs	63,072	39,847
Special event costs	-	4,768
Public education and patient outreach	<u>4,100</u>	<u>41,700</u>
Total	<u>\$2,170,628</u>	<u>\$2,285,530</u>

**NOTE D - CASH EXCEEDING FDIC LIMIT:**

The Organization maintains cash balances that exceed FDIC insurance limits. Management feels that the risk of loss is minimal since the financial institutions where the funds are deposited have a long history of sound financial performance. The total cash at Reading Co-op is \$625,593 as of December 31, 2020; \$375,593 exceeding the FDIC limit. Accounts at Fidelity Digital Credit Union and Citizens Bank are below the FDIC threshold.

**NOTE E - RELATED PARTY TRANSACTIONS:**

The Organization paid the Executive Director \$6,000 in 2020 and 2019, respectively for the rental of an airport hangar and travel costs.

See Accountants' Report

ANGEL FLIGHT OF NEW ENGLAND, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

**NOTE F - SUBSEQUENT EVENTS:**

Transactions subsequent to the year ended December 31, 2020 have been evaluated through July 15, 2021 the date the financial statements were available to be issued. No events were noted that could have a material impact on the financial statements.

**NOTE G - OPEN TAX YEARS:**

Forms 990 filed for the years ended December 31, 2017 – 2019 remain open to audit by the Internal Revenue Service. No audit proceedings have been initiated.

**NOTE H – FAIR VALUE MEASUREMENTS:**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation of other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

See Accountants' Report

ANGEL FLIGHT OF NEW ENGLAND, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

**NOTE H – FAIR VALUE MEASUREMENTS: (Continued)**

**Common Stocks, Corporate Bonds and U.S. Government Securities**

Valued at the closing price reported on the active market on which the individual securities are traded.

**Mutual Funds**

Valued at the net asset value (NAV) of shares held by the plan at year end.

**NOTE I – DONOR RESTRICTED ASSETS:**

1) **Fuel Reimbursement**

Over the last several years the Organization has received funds from donors to provide fuel reimbursement to the volunteer pilots. Reimbursements to the pilots were \$22,754 and \$22,275 in 2020 and 2019, respectively. There is a balance of \$80,491 available for pilot fuel reimbursement as of December 31, 2020.

2) **Direct Transportation Costs**

On September 9, 2019, the Organization received a \$50,000 grant from the Salah Foundation to fund direct costs of transporting patients including flight costs, vouchers, and train and car transportation costs. There was \$27,556 of this grant not yet spent as of December 31, 2019 which was fully expended in 2020.

3) **Grant ~ Alexion Charitable Foundation**

The Organization received a grant for \$100,000 from Alexion Charitable Foundation. The funds are to be utilized to support existing programs providing air and ground transportation, community outreach and purchase of mailing and e-mail lists for organizations that are specifically addressing rare and ultra rare diseases to disseminate messaging about the Organization's services. The term of the grant is January 1, 2021 through December 31, 2021.

4) **Grant ~ Hasbro Children's Fund**

The Organization received a grant for \$40,000 from Hasbro Children's Fund to provide support to existing programs with an emphasis on patients needing pediatric physical or mental health programs and services. The term of the grant is January 1, 2021 through December 31, 2021.

**NOTE J – 401-K PLAN:**

In 2018, the Organization adopted a 401-K Plan covering all full time employees. Employer matching contributions paid in 2020 and 2019 were \$13,943 and \$13,104, respectively. The matching contribution is 100% of the first 3% the employee contributes and 50% of the next 2%. The employer matching contribution is a total of 4%.

**NOTE K – CHANGE IN ACCOUNTING PRINCIPLE:**

In 2018, the Organization adopted provisions of ASU 2016-14. The three classes of net assets permanently restricted; temporarily restricted; and unrestricted were replaced with two classes of net asset; net assets with donor restrictions and net assets without donor restrictions. The adoption of these provisions did not result in changes to any previously reported financial statement amounts.

See Accountants' Report
